Re: Claim Electronic Data Interchange (EDI) Release 3.1.4 Edit Matrix Update

The Texas Department of Insurance, Division of Workers' Compensation (DWC) has updated the Texas Claim EDI Release 3.1.4 Edit Matrix. We are updating this matrix now, so insurance carriers and trading partners can have the most current edit information before testing begins in January 2023.

You can find a full description of the changes in the "TXDWC Edit Matrix Change Log" tab in the Texas Claim EDI Release 3.1.4 Edit Matrix, Version 1.0 file. The file is at txdwcedi.info/requirements. Insurance carriers and their EDI trading partners should review the changes carefully to ensure they will be reporting EDI transactions accurately.

DWC rules specify that the edit matrix is final on June 30, 2023. 28 Texas Administrative Code Section 124.103. This allows us to update the matrix until that date. See the adopted rule at www.tdi.texas.gov/wc/rules/2022rules.html.
